ISP Network Site Survey Report

Date: February 5, 2026
Survey ID: SRV-2024-001

Property Information

Property Name: Tech Park Campus
Address: Madhapur, Hyderabad, Telangana
Property Type: Commercial IT Park
Survey Type: Network Feasibility

Building Details

Building Name: Tower A
Floors: 8
Surveyed Floor: Floor 5
Purpose: Office Infrastructure

Engineer Details

Engineer Name: Rahul Verma
Role: Survey Engineer
Survey Date: February 5, 2026

Network Assessment

Parameter	Value
GPS Location	17.4474° N, 78.3762° E
Signal Strength	-55 dBm
Line of Sight	Clear
Cable Distance	180 meters
Fiber Feasibility	Feasible
Obstacles	Minor rooftop structures

Infrastructure Readiness

Power Availability: Yes
Rack Space: Available
Cooling: Adequate
Conduit Path: Clear

Risk Analysis

Identified Risks:

- Weather exposure on rooftop
- Limited cable tray space

Mitigation:

- Use protective casing
- Install secondary cable path

Recommendation

The site is suitable for ISP deployment. Fiber installation is feasible with minor adjustments.

Recommend proceeding with deployment.
